

[Alfalit International](#)

Alfalit International is a faith-based nonprofit organization with operations across Latin America, Caribbean, Europe, Africa and the US. We offer a mix of literacy, basic education, vocational skills and preschool programs through a network of affiliates. We train teachers in a simple but effective methodology and enroll students in classes that are flexible and accommodate their families' needs. Most of our students are impoverished; we strive to ensure our programs are offered without a charge to them. We also provide our proprietary textbooks and educational materials at no cost to students.
