

Climate Smart Agriculture Youth Network

The Climate Smart Agriculture Youth Network (www.csayn.org) is an authorized affiliate agency of the United Nations Environment Programme. We train and develop young farmers to assure that climate smart agriculture, and its positive effects on climate change and world hunger, continue throughout the duration of climate change.

Relevant Projects

In conjunction with a world famous university in agricultural sciences, CSAYN is working to lift Nicaragua from the poorest and most food insecure country of the Americas, to the first Latin American nation to achieve Zero Hunger and agricultural

sustainability in the face of a worsening climate.
