

ADEL Slovakia

We are a NGO that implements diverse projects, trainings, youth exchanges and other educational activities, organises various events, conducts research and analysis and cooperates with a wide network of institutions.

We work both, at:

INTERNATIONAL LEVEL – our activities and projects include:

- Organising youth exchanges, trainings, conferences in Slovakia and hosting participants from various countries in our country,
- Sending Slovak youngsters for youth exchanges, trainings and EVS abroad,
- Long – term cooperation with NGOs from around the world within KA2 – strategic partnership, capacity building, sport action, Europe for Citizens projects (diverse projects about topics such as entrepreneurial education, migration, hate speech, active citizenship, water sports etc.)

LOCAL and NATIONAL LEVEL – we organize: workshops, discussions, contests etc.

Depending on our current projects, sometimes our activities are unique, e.g. we interviewed refugees in order to find out their stories, problems and needs and to share them with the public in order to create a more open and intercultural society or conducted interviews with people who fought communism in Slovakia...and many more.

Our headquarters are in Stropkov, but we have also an office in Bratislava, and we organize various activities all around Slovakia. More information about our projects and activities can be found on our website: <https://www.adelslovakia.org/en/>

We cover a broad scale of topics according to what our target group find interesting (e.g. youth participation, intercultural dialogue, active citizenship, entrepreneurship, sports, healthy lifestyle, peace-building, art and culture). All of our projects and activities are based on the approaches of non-formal education, experiential and intercultural learning, social inclusion and active participation.
