

Fundacion Finnova

Finnova is the European Foundation that works for the constant bet of the business innovation and the excellence of the applied knowledge through the development of the talent and its international and interregional connection. To this end, it promotes multiple networks and high-level events with the purpose of seeking resources and European funding related to technological transfer, modernization and competitive development of public and private entities at all levels at international, regional and local.

In this sense, Finnova offers a structured and integrated dialogue in strategic information systems, training, dissemination of results at global and local level and the exchange of information and communication between entities as diverse as international financial institutions, technological institutes, universities, private sector companies and public administrations with the aim of creating synergies with the European Union in the areas of environment, water, health, public works, energy efficiency, sustainable tourism, ICT and entrepreneurship.
