

Fundación Omar Dengo

The Omar Dengo Foundation (FOD) of Costa Rica, is a private non-profit organization whose main objective is the development of people's capacities, through innovative educational proposals, supported by the use of new technologies. Since its creation in 1987, FOD designs and executes national and regional projects in the fields of human development, educational innovation and new technologies. Its different projects have benefited hundreds of thousands of Costa Ricans, including children and youth, teachers, professionals, community people and older adults. FOD has contributed decisively to renewing the national educational processes by means of the introduction and use of digital technologies.
